Andover, N. H., February 15, 1936.

REPORT OF ANDOVER TOWN LIBRARY

1935—1936

The Board of Trustees of the Andover Library respectfully submit the following financial report, hoping that the voters of the town will examine it carefully and come to town meeting prepared to raise enough money to bring this branch of their business out of the "red" and carry it through the coming year adequately.

Expenditures have been pared to the bone,—no new supplies or books purchased,—and yet the just bills for running expenses could not be met without borrowing from the fund, established for the purchase of Juvenile books. This loan must be repaid from the next appropriation—and the Library must be maintained.

The Librarians of both branches of the Library report a satisfying increase in the number of patrons, and that circulation has nearly doubled that of last year. They also extend thanks to all those who have donated books and equipment throughout the year.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

The most outstanding accomplishment of the past year is, of course, the reorganization of the high school for its work in the new building. The mechanic arts course which has been added is most popular with the boys. I hope that we shall soon be able to add a course in domestic arts for the girls.

The high school has increased by about 17 during the current year. On the other hand, the numbers in the elementary schools are about 35 less than last year. This loss is mostly in the East Andover Grammar School and the Village Primary, and especially the Village Grammar School. The large amount of tardiness shown by last year's Attendance Table for East Andover seems to be growing worse rather than better during the current year.

New geographies have now been furnished in most of the schools and new arithmetics in some. I have not yet felt it wise to purchase all the maps that we need.

The balance from the money appropriated for water at East Andover was re-appropriated for repairs at East Andover. Extensive repairs have been made on the East Andover building. The Village School has been repainted and a small amount of work has been done elsewhere. At the Flaghole School, the valley where the shed roof and the roof of the main building join, discharges water just in front of the outside door. This seems to have rotted the sill both of the main building and the shed. A part of these sills should be replaced next year and some provision made for keeping the water away from them.

In the budget for the coming year the School Board is asking for \$1,573.17 less than last year. The changes

are as follows: for the support of high schools, an increase of \$200.00; for the payment of statutory requirements, a decrease of \$550.17; estimated income, an increase of \$1,028.00 over last year; and, under special appropriations, a decrease of \$195.00. The budget for the elementary schools has not been changed.

Respectfully,

GEORGE W. SUMNER,

Superintendent of Schools.
